

## **MECA Weather and Emergency Preparedness**

If severe weather or an emergency occurs during an event, guests should listen for a public announcement, pay attention to the messages on the electronic boards in the facilities and look to nearby ushers and staff for guidance. Guests can receive updates during severe weather through Facebook on the CenturyLink Center Omaha, TD Ameritrade Park Omaha and Omaha Civic Auditorium pages. Weather updates are also available by following *@mecaomaha* on Twitter *#mecaweather*.

During severe weather, guests in CenturyLink Center Omaha and the Omaha Civic Auditorium will be guided away from windows and doors and towards interior spaces. Guests at TD Ameritrade Park Omaha will be guided towards interior spaces at the ballpark. During events, the main doors to the Grand Hall of CenturyLink Center Omaha and the main doors to the Omaha Civic Auditorium are always open for anyone in need of shelter.
